

***Application deadline is
11:59 PM Eastern Time, January 25, 2023
for ALL workshops in 2023***

Application Form
University of Michigan Mixed Methods Program
Sara and George McCune Scholarship Awards

The intent of the award is to provide scholarship support for students/faculty from developing countries around the world in the education of, and training in, the latest advances in mixed methods research. Scholarship support is available to attend one of the University of Michigan Mixed Methods Program workshops offered by the University of Michigan. These scholarships will cover **an online workshop registration fee**. This award is made possible through the generosity of the [McCune Foundation](#).

Please submit your application here: [Application Form](#)

1. Personal Information

Please provide the following information:

- a) Name
- b) Current gender identity
- c) Address or contact information
- d) Email address
- e) Citizenship
- f) Country of residence
- g) School or University affiliation
- h) Current Degree Objective or Faculty Status

 - iii) Fall 2023: Designing and Conducting a Mixed Methods Research Project (Online, November 8-10, 2023)

2. Personal Statement of Interest

Please submit a **personal statement** that describes pertinent personal experiences and goals that would make you an appropriate candidate for this award (WORD LIMIT: 250). Be sure to address:

- a. Why you want to participate in the program
- b. Your background in quantitative research
- c. Your background in qualitative research
- d. Your background in and additional needs for training in mixed methods research
- e. Your financial need for this scholarship
- f. How you would use your experience in an MMP workshop to enhance the development of mixed methods research in your home country

3. Research Project Statement

Please submit a **research project statement** that includes (WORD LIMIT: 250):

- a. A draft title for your research project
- b. The problem being addressed in your project
- c. The types of quantitative and qualitative data that you will collect
- d. The purpose of your study (for example, a dissertation project, a university project, etc.)

4. Additional Information Needed

Please submit:

- a. a **letter of recommendation** from your supervisor outlining how you would benefit from attending the workshop
- b. a **letter/certificate** indicating proof of student or faculty status from your university or place of work.

BOTH the letter of recommendation and the letter/certificate should be written in English and uploaded as a PDF
