Application Form
University of Michigan Mixed Methods Program
Sara and George McCune Scholarship Awards

The intent of this award is to provide scholarship support for students/faculty from developing countries to receive education and training in the latest advances in mixed methods research. Scholarship support is available to attend one of the University of Michigan Mixed Methods Program workshops offered by the University of Michigan. This scholarship will cover **the workshop registration fee**. This award is made possible through the generosity of the [McCune Foundation](#).

Please note that all your answers to these questions must be entered in the qualtrics form linked on the scholarship website.

1. Personal Information

Please provide the following information:

Full Name
Gender identity
Address
Email address
Citizenship
Country of residence
Institutional affiliation
Current Degree Objective or Faculty Status
Languages spoken/reading/writing

Workshop(s) you would be interested in attending:

- Mixed Methods Analysis and Integration: An Intermediate Workshop (March 20-22, 2024, Online)
- Designing and Conducting a Mixed Methods Dissertation or Thesis (June 5-7, 2024, Online)

- Designing and Conducting a Mixed Methods Research Project (Oct.30-Nov.1, in-person* at the University of Michigan).

*Note that this scholarship does not currently cover travel, accommodation and other expenses of attending in-person.

2. Personal Statement of Interest

Please submit a **personal statement** that describes pertinent personal experiences and goals that would make you an appropriate candidate for this award (**WORD LIMIT: 250**). Be sure to address:

- Why you want to participate in the program
- Your background in quantitative research
- Your background in qualitative research
- Your background in and additional needs for training in mixed methods research
- Your financial need for this scholarship
- How you would use your experience in the MMP workshop to enhance the development of mixed methods research at your home institution and in your home country

3. Research Project Statement

Please submit a **research project statement** that includes (**WORD LIMIT: 250**):

- A draft title for your research project
- The problem your project addresses
- The types of quantitative and qualitative data that you will collect
- The purpose of your study (for example, a dissertation project, a university project, etc.)

Additional Required Information:

Please submit:

- a **letter of recommendation** from your supervisor outlining how you would benefit from attending the workshop
- a **letter/certificate** indicating proof of student or faculty status from your university or place of work.

BOTH the letter of recommendation and the letter/certificate should be written in English and uploaded as a PDF
